Explanatory Note

This Second Direction is made by the Committee *for* Health & Social Care on 29th March, 2020 further to powers conferred on it by:-

- the Emergency Powers (Coronavirus) (Control of Premises) (Bailiwick of Guernsey) Regulations, 2020, and
- the Emergency Powers (Coronavirus) (Control of Events, Gatherings and Meetings) (Bailiwick of Guernsey) Regulations, 2020,

as made by the Civil Contingencies Authority under the Civil Contingencies (Bailiwick of Guernsey) Law, 2012. It revokes and replaces the First Direction made by the Committee on 25th March, 2020.

It has been made following consultation with the Medical Officer of Health and its practical effect is to reduce further the types of premises that can remain open to the public and the range of businesses that can continue to trade and offer goods and services. The purpose of the Direction is to prevent the further introduction and spread within the Bailiwick of the Severe Acute Respiratory Syndrome Coronavirus 2, the virus causing the disease COVID-19.

In brief summary, the Direction (see number 1) prohibits persons from entering and remaining on certain premises (as set out in Part 1 of the First Schedule to the Direction) and (number 2) attending events, gatherings and meetings of more than 2 persons.

1. The prohibition on entering and remaining on premises relates to premises of the types set out in Part 1 of the First Schedule (e.g. licensed premises, cinemas theatres, restaurants, cafes, takeaways and kiosks non-essential retail outlets, libraries, community and youth centres, indoor and outdoor leisure facilities, community places within parks, places of worship and hotels, guest houses and any other premises used for the purpose of the provision of sleeping accommodation, board, lodging or board and lodging for reward and campsites). The prohibition however has several exceptions. The key exceptions are as follows:-

- (a) essential retail outlets of the types set out in Part 2 of the First Schedule, such as premises from which the business of the retail and/or wholesale sale of food, beverages and newspapers is conducted,
- (b) premises whilst essential workers are present for the purposes of their work,

- (c) other than in the cases of hotels and guest houses, owners or occupiers, any person who usually works at or on the premises or who is responsible for the management of the premises and who enters or remains on the premises solely for the purpose of securing them, carrying out or having carried out essential maintenance or repair work to the premises, or taking measures to ensure that the premises can continue to be used for the purpose for which they were used immediately before 25th March, 2020,
- (d) in the case of hotels and guest houses, owners or occupiers, any person who usually works at or on the premises or who is responsible for the management of the premises and any person who is residing lawfully at or on the premises, and
- (e) any person authorised by the Committee or the Medical Officer of Health for such purpose and for such duration as the Committee or Medical Officer of Health, as the case may be, shall specify.

However, in each case, the Direction is intended to ensure that any individual who does enter and remain on premises observes "social distancing". That is defined as maintaining a distance of at least 2 metres from another person. In addition the prohibition on events, gatherings and meetings of more than 2 persons (see direction number 2) applies to individuals who usually work at or on the premises or who are responsible for the management of the premises, unless further exemption applies under direction number 3.

2. The prohibition on attending events, gatherings and meetings of more than 2 persons, places obligations on certain persons who might be in a position to organise or attend events etc. In particular:-

- (a) owners and/ or occupiers of any premises must not allow an event, gathering or meeting consisting of more than 2 persons, to take place at or on their premises,
- (b) a person must not organise or hold an event, gathering or meeting consisting of more than 2 persons to take place at or on any premises, and
- (c) a person must not participate in an event, gathering or meeting of more than 2 persons, which is taking place at or on any premises.

3. There are several exemptions from the prohibition described at paragraph 2 above. They are set out in direction number 3. In very general terms, they are as follows:-

- (a) where the event, gathering or meeting involves persons authorised by the Committee or the Medical Officer of Health under direction 1(2)(e),
- (b) where the event, gathering or meeting consists only of members of the same household and takes place in a dwelling,
- (c) where the event, gathering or meeting consists only of members of the same household, takes place outside a dwelling and is allowed, organised or participated in, for a number of specific purposes (e.g. to go shopping, walking, cycling, running, sea swimming or taking part in other open sea activities for up to 2 hours every day, attending a medical or dental appointment, obtaining any product from a pharmacy, or providing care or to help a vulnerable person),
- (d) where the event, gathering or meeting consists of persons who:-
 - are essential workers and persons receiving goods or services from those essential workers,
 - in the case of the essential retail outlets of the types set out in Part 2 of the First Schedule, are persons who usually work at or on the outlet premises, are customers or suppliers of the outlet and are present solely for the purpose of selling, purchasing and providing goods and services of a type usually sold, purchased or provided in the course of a business operated from the outlet in question,
 - are at or on premises used for the business of optician, optometrist or audiologist, usually work at the premises, are customers, clients or patients of the business and are present for the purpose of the provision or receipt of essential emergency treatment,

and who in each case observe and maintain social distancing.

An "essential worker" means a worker of a type, or who works in a business of a type, described in the Second Schedule to the Direction. The Schedule differs from the Second Schedule to the first Direction only to the extent that workers providing veterinary and animal health and husbandry services have been included and workers undertaking critical seasonal horticultural work have been removed.

The Direction will remain in place until 2359 hours on 7th April 2020 unless revoked before that time. It has effect throughout the Bailiwick.

It is intended that Guidance will be issued by the Committee *for* Health & Social Care as to the manner in which it is intended that the Direction will be applied and interpreted.
